SPEECH BY IR SAM TUCK WAH

Chairman Executive Committee DKLS Foundation
- cum - Executive Director, DKLS Industries Berhad

Yang Berusaha Encik Ahmad Zamili bin Mokhtar, Representative of Ketua Pegawai Pendidikan Daerah (KPPD) Manjung; Our special guest, Mr Benjamin Howard, who is an inspiring and motivated entrepreneur from South Australia; Honorable Principals, Penolong Kanan and Teachers; Respected Parents and dear Students; Ladies and Gentlemen.

A very good afternoon to all of you. Welcome to DKLS Foundation Annual Education Excellence Awards Presentation Ceremony. Today, I feel very privileged and honoured to stand here in front of all of you, acknowledging the achievements of our brilliant students who have made both the schools and their parents proud. This ceremony, hosted by DKLS Foundation, is dedicated to acknowledge the high achievers from Manjung District Secondary Schools in the following categories: (1) STPM Best Academia and All Rounder (2) SPM Best Academia and All Rounder and (3) Co-curriculum : High Achiever Performers in both State and National Level

The assessments for various categories were based on 2017 academic year

I would like to congratulate all DKLS Foundation awards recipients for your academic excellence and exemplary achievements in co-curricular activities and sports. All of you are truly the “cream of the crop”. Your outstanding achievement reflect the excellent performance of the winning schools as well as your own dedication and hard work. My Heartiest Congratulations to all of you!

High Achievers, we welcome you to DKLS Foundation “Hall of Fame”. I have no doubt that every one of you will excel in your future roles and contribute to the future well-being of our society, our nation and the world at large. I would also like to take this opportunity to recognise your parents, families and teachers for their support and guidance in nurturing your talents. All of your success is a culmination of their collective efforts, steadfast support and encouragement. With such prestigious accolade from DKLS Foundation, I believe this will enhance the weightage of your personal credential. So it is our mutual moral commitment to live up to the good reputation of DKLS Foundation and stake holders like you.

Distinguished guests, ladies and gentlemen, for your information, DKLS Foundation, was established on 26 December 2001 in Sitiawan, under the sponsorship of a group of successful entrepreneurs from DKLS on their own individual initiatives. In 2011, DKLS Foundation became a Corporate Social Responsibility operation platform of DKLS Industries Berhad. In 2013, it expanded the horizon of Corporate Social Responsibility by engaging in initiatives of Nation Building Dimension. “DKLS Linguistic Ambassador Award” Essay Competition is one of such noble initiative undertaken by the Foundation at the national level. DKLS Foundation has walked an extra mile by internationalizing “DKLS Linguistic Ambassador Award” through strategic smart partnership with Australian National University since 2015.

As time progresses, DKLS Foundation’s philosophy in promoting scholastic excellence has become more encompassing. Upon witnessing success in our pilot project in SMK Methodist (ACS) Sitiawan in recognizing the high achievers in co-curriculum activities, the Foundation decided to open the co-curriculum High Achiever Award to all secondary schools in Manjung District commencing from last year. By combining A Level & O Level Best Academia, Best All Rounder and Co-Curriculum High Achiever Award into one single presentation ceremony, it is the desire of DKLS Foundation to raise the prestige of the award presentation ceremony.

Having said all these, ast but not least, let us thank God and appreciate His Blessings. It is with His Blessing that we are able to gather here to attend this auspicious and meaningful ceremony in an environment of peace and harmony.

ALL GLORY TO GOD. Thank you.

SPEECH BY SPECIAL GUEST
MR BENJAMIN HOWARD
An Inspiring and Motivated Entrepreneur
from South Australia

Mr. Sam has blessed me with an opportunity to speak in front of you all here today. This is a surprise to me. So the message I'm going to give you is not from the mind but rather from my heart.

I think the best way to do this is to start with a story because if that one thing today that I can try to give to you is the gift of belief you are all very talented. You are all very gifted, you are all very lucky and I'm humbled to be in your presence. It's one of things that motivates me and gets me out of bed every single day to see young people grow and learn. You are the future, the next generation and it's in your hands that we place the future.

So let's begin, nearly 20 years ago I was on government benefits getting food and accommodation support from the government on a homeless allowance. Nearly every day I was told that I would never amount to anything, that I would never get a job let alone start a business. There are things in life that challenge us, people in life that challenge us. This is not a curse but a gift to us all.

There are things that motivated me to see beyond the negativity. And one thing I can guarantee you is that in life you will face challenges and problems, and you will face many doubts in yourself and from others who don't believe in you, but today I want to give you a new thought, a new beginning.

I ask you to overcome those challenges and doubters. I promise you one thing that if you can be bigger than your challenges then you can be bigger than life itself, and in God's glory take your strength, walk forward with courage and every day that it gets tougher- you get tougher. Be bigger than your problems, believe in yourself and you can achieve anything. That is my one message today.

I thank you so much for your time. Thank you to the distinguished guests and a very special thank you to Mr. and Mrs. Sam for having me here and letting me have the opportunity to speak to you all.

You are all the future, you should be proud follow your dreams and when you leave, go out there and change the world!

Thank you.
